- (N) CAPITALIZED LEASED EQUIPMENT: This includes any machinery or equipment which is leased by you from another, the value of which is included in your asset accounts. Include in cost the total of all lease payments, sales or use tax, freight, and all installation costs related to this equipment. Do not report a reduced basis resulting from a trade-in of used property, down payment, or because you have elected an IRS Section 179 deduction on the property. Taxpayers with a fiscal year other than December 31 will have to update their records to the January 1 reporting date. Report the name and address of lessor. This will enable the Assessor's Office to make sure the property is not being taxed twice. Do not list this equipment in any other section on this report, as this could result in the property being taxed twice. Attach additional schedule if necessary.
- (P) LEASED EQUIPMENT: If you had any personal property owned by others in your possession on January 1, it must be reported as to owner, property description, lease information, and selling price new.
- **Q LEASED VEHICLES:** Report vehicles of all types that were in your possession on January 1. Name of owner, year, make, vehicle identification or serial number, date of lease, special bodies or equipment, and selling price new must be given.
- GOODS NOT IN INVENTORY: If you are holding personal property for others for storage, sale, rental or other business purposes, the following must be reported: Name and address of owner, property description, quantity, and value of the property. Failure to complete this section makes you liable for all applicable taxes on the property plus a \$250.00 fine. If you have already filed the January 15th report required by G.S. 105-315 for Manufactured Home Parks, Campgrounds, Airports, Marinas or Marine or RV storage facilities, so indicate.
- S FARM TRACTORS AND OTHER MOTOR-DRIVEN EQUIPMENT: Only motor-driven equipment should be listed in this section. All other farm equipment should be listed in Schedule T.
- FARM EQUIPMENT: Farm implements, machinery, equipment, office equipment, and computers should be reported in this section. The total cost of each separate category is to be listed by year of acquisition. Fully depreciated items must be included. This information may be obtained from your depreciation or asset ledger.
